

High Capacity Six-Blade Conversion Kits

Did you know our ten-blade sliding vane pumps (models 521 and 1021) can be converted to a high capacity six-blade design?

Old Ten-Blade Design

New Six-Blade Design

Features

- 25% more flow on average
- Similar HP requirement
- Fewer repair parts
- Better at handling shock loads caused by snap-acting hose ends

When you order the 2904-X3 conversion kit for the model 521 pump or the 2906-X3 conversion kit for the model 1021 pump, you get all of the parts needed to convert your ten-blade design into a high capacity six-blade design.
